DEVELOPMENT OF THE *NATIONAL INDUSTRIAL DEVELOPMENT POLICY (NIDP)* FOR SAMOA

PROJECT OVERVIEW AND ROLE

The objective of this consultancy assignment is to develop a NIDP for Samoa that will enhance and improve private sector inputs and boost exports in goods and services where Samoa has comparative and competitive sustainable advantages.

A full TOR, including scope of work and selection criteria is available through the link below. The Consultant will determine the appropriate methodology to meet the purpose and objectives of the assignment. Recommendations must be based on sound quantitative (and qualitative) evidence and presented in a balanced and transparent way. The Consultant will work closely with the Industry Development and Investment Promotion Division (IDIPD) and Trade Commerce and Manufacturing Sector Coordination Unit (TCMSCU) of the MCIL. The total level of inputs is estimated at 40 days, including around 10 days for consultations with various stakeholders.

ADDITIONAL INFORMATION

This Technical Assistance (TA) assignment is being funded by New Zealand's Ministry of Foreign Affairs and Trade through Component 1 of the Samoa Private Sector Development Programme (PSDP). This component is implemented by Samoa's Ministry of Commerce, Industry and Labour with support from Palladium, the Programme Implementation Contractor. Decisions on TA assignments including approval of final deliverables are made by a Project Approval Committee comprising of Government of Samoa Ministries, Development Partners, and Private Sector Organisations. Short-listed candidates will be required to participate in a short interview.
